The children have been taught how to wash their hands properly in school. To use soap and water to wash palms, backs of hands, thumbs, between the fingers, tips of fingers, and then to dry them.

The Office has been sending out the latest information we get. Should anything change we will let you know immediately.

Reminder – Please can we remind you that if a child has had sickness or diarrhoea they must remain off school for 48 hours after the last time they are sick. This is so that it does not spread throughout the school.
